PART 1: ANNUAL BUDGET

Purpose of the Approval of the Annual Budget for the Financial Year 2019/2020

The purpose of this report is to submit the Final Annual Budget for 2019/2020 to Council in line with the provisions of the Municipal Finance Management Act section 24(1) that stipulate that the municipal council must at least 30 days before the start of the budget year consider approval of the annual budget.

1.1 MAYOR'S REPORT

Good morning, honourable Speaker, MMC's, Councillors, Municipal Manager, members of staff, stakeholders and community members present, all protocol observed.

We are gathered today in this august house amongst other things to comply with legislative prescripts that guides municipalities on how to go about using public funds, transparently and to be accountable while we implement the mandate of our district municipality by ensuring that in turn, It benefits our beloved brothers and sisters, our elders and the generation to come.

Before I touch on the detail of the final annual budget, I would like to convey the following:

We as councillors and officials must always remember that we are here to serve the community. They are not here to serve us and or remind us of commitments that we may have failed to keep.

Chapter 4 of the MFMA (Municipal Finance Management Act – Act 56 of 2003) regulates the process and existence of a municipal budget.

Section 16(1) stipulates that council must approve an annual budget before the start of that financial year.

Section 17(1) regulates the process, the formats; require realistically calculated revenue as well as the appropriating of expenditure under the different votes.

Section 17(1)c, however, ensures that the process also includes the indicative figures for the next two financial years as well.

The overriding factor is, however, the fact that it is critical that municipalities adopt and implement funded budgets – as per section 18 of the MFMA.

It also requires that the actual figures of the preceding year be included in the budget documents.

You will know that the budget is divided into a capital- as well as an operating budget (per section 17(2) – in the case of Dr Kenneth Kaunda District Municipality the capital budget is not that significant.

Honourable Speaker, apart from the legislation, National Treasury also supply municipalities with circulars in respect of the budget process – in the current situation it is MFMA Circular number 94, dated 8 March 2019

Circular 94 cover the following areas:

- 1. The South African economy and inflation targets;
- 2. The key focus areas for the 2019/20 budget process;
- 3. Revenue Budget;
- 4. Conditional grant transfers to municipalities;

- 5. Municipal budget and reporting regulations (MBRR);
- 6. Municipal Standard Chart of Accounts (mSCOA)
- 7. Budget process and submissions for the 2019/20 MTREF.

1. A budget has the following four key attributes:

1.1. The budget is a legal instrument:

- It has the same status as a policy of Council
- It giver authority for the appropriation of money, and
- It is an instrument of legislative powers of the municipal council.

1.2. The budget is a policy instrument:

- It is the financial plan that gives effect to the policies and priorities of council;
- It informs on the impact of policy changes on operations, service levels and financial health;
- It informs management of policy parameters and financial constraints within which they are to operate.

1.3. The budget is a management tool:

- It establishes planned financial outcomes and parameters to guide managers;
- It establishes measures for managers' financial accountability;
- It provides financial control parameters;
- It provides financial analysis of developmental plans and how these can be sustained financially;

1.4. The budget is a governance mechanism:

- The budget provides a mechanism for open, democratic and transparent municipal government;
- If implemented as part of a continuous strategic planning cycle it serves to close the gap between policy, planning and financial sustainability.

Honourable Speaker, the budget process must be seen as a continuous cycle of planning, implementing, monitoring and reporting.

Management encourage in Circular 94 to:

- Increasing productivity;
- Increasing revenue through innovative service delivery, and
- Re-prioritizing the developments and services.

Honourable Speaker, let me assure the community that Dr Kenneth Kaunda District Municipality is responsible for this budget and this document is the result of many hours of careful consideration, applied knowledge, engagement with Provincial Treasury, caution and above all – hard work.

Honourable Speaker, with that as introduction I want to proceed with the detail of the final budget for 2019/20 and the two outer years.

1. Revenue:

The following allocations and funds will be available to Council:

levenue by Source	Amount	Amount in Words
ole Share	R24 622 000	TWENTY FOUR MILLION SIX HUNDRED AND TWENTY TWO THOUSAND
e Management Grant	R1 000 000	ONE MILLION
al Services Levy cement Grant)	R162 977 000	ONE HUNDRED AND SIXTY TWO MILLION NINE HUNDRED AND SEVENTY SEVEN THOUSAND
Road Assets ement	R2 606 000	TWO MILLION SIX HUNDRED AND SIX THOUSAND
led Public Works mme	R1 649 000	ONE MILLION SIX HUNDRED AND FORTY NINE THOUSAND
A Mandatory Grant	R100 000	ONE HUNDRED THOUSAND
A Discretionary Grant	R690 000	SIX HUNDRED AND NINETY THOUSAND
A Discretionary Grant	R1 738 400	ONE MILLION SEVEN HUNDRED AND THIRTY EIGHT THOUSAND FOUR HUNDRED
A Discretionary Grant	R700 000	SEVEN HUNDRED THOUSAND
t (Investment)	R2 500 000	TWO MILLION FIVE HUNDRED
t (Bank Account)	R450 000	FOUR HUNDRED AND FIFTY THOUSAND
e Fee (EHS)	R350 000	THREE HUNDRED AND FIFTY THOUNSAND
Deposits	R10 000	TEN THOUSAND
	R200 089 400	TWO HUNDRED MILLION AND EIGHTY NINE THOUSAND FOUR HUNDRED
	R200 089 400	

2. MAJOR EXPENDITURE ITEM ON THE BUDGET

2.1. Employee Related and Councillors Remuneration Cost

Total Councillor Remuneration amounts to :	R 11.8 Million	ELEVEN MILLION EIGHT HUNDRED
Total Employee cost amounts to :	R 107 Million	ONE HUNDRED AND SEVEN MILLION
Total Councillors and Employee related Costs	R 118.8 Million	ONE HUNDRED AND EIGHTEEN MILLION EIGHT HUNDRED

The Employee related cost is at 54% and Councillors Remuneration is at 6% which is above the 51% that the Council expected. This is due to the fact that the annual increase for Equitable Share is lower than the annual % increase of salaries and that of Upper Limits Salary increases have been factored into this budget at percentage increases of 1.5% plus inflation rate for the 2019/2020 financial year resulting in annual increase of 6.4%.

2.2. Contracted Services: Theses expenditures are: R 28 Million

- Outsource services;
- Professional services and Consultants;
- Contractors

In the 2018/2019 this expenditure was R36 Million, the reduction we see in 2019/20 budget is as a result of some major contracts that ended and the municipality has no intention of renewing them, such as the Wi-Fi.

The District Call Centre still remains in the 2019/20 budget until September 2019.

2.3. Operational Cost is 31 Million

With major expenses like:

 Printing and Stationery, Audit Fees, Subsistence and Travel, Legal fees, Annual insurance, Security, Telephones, Fuel, Repairs and maintenance; and Depreciation.

This expenditure increased with a R1 million compared to 2018/2019 financial year.

2.4. Capital expenditure is R 3 million

As already indicated capital expenditure is significant and is mainly operational capital projects such as laptops, printers and furniture. We must take note that capital projects can only be funded from reserves or surplus .We need to focus on our powers and functions, implement the revenue enhancement strategy in order to rebuild our reserves.

Changes effected on the budget since the tabling of the draft on 28 March 2019 is as follows:

- Some projects and programmes in the office of the Executive Mayor were cut.
- There is a R 2 million decrease in capital expenditure compared to the tabled draft budget
- The Annual Financial Statements were budgeted for an amount of R1.2 million in the draft budget and now increased to R3 Million after the market was tested.
- Accommodation and Air Transport is now being centralised in the office of the Municipal Manager.
- Training is now centralised in Corporate services.
- Computer Equipment centralised to Budget and Treasury Office.

Honourable councillors, I therefore table to you the 2019/20 Budget with the following recommendations:

 That the annual budget 2019/2020 is cash funded with R347 482 (THREE HUNDRED AND FOURTY SEVEN THOUSAND FOUR HUNDRED AND EIGHTY TWO) surplus in terms of the MBRR A Schedule be tabled before council for approval.

- That the annual budget 2019/2020 operating expenditure of R196 403 918 (ONE HUNDRED AND NINETY SIX MILLION FOUR HUNDRED THREE THOUSAND NINE HUNDRED AND EIGHTEEN) in terms of the MBRR A Schedule be tabled before council for approval.
- That the annual budget 2019/2020 capital expenditure of R3 010 000 (THREE MILLION TEN THOUSAND) for the current year and multi-year capital in terms of the MBRR A Schedule be tabled before council for approval.
- 4. That the annual budget 2019/2020 revenue funding of R200 089 400 (TWO HUNDRED MILLION EIGHTY NINE THOUSAND FOUR HUNDRED) in terms of the MBRR A Schedule be tabled before council for approval
- 5. That the annual budget 2019/2020 funding from depreciation: non-cash item of R5 231 949 (FIVE MILLION TWO HUNDRED THIRTY ONE THOUSAND NINE HUNDRED AND FORTY NINE) in terms of the MBRR A Schedule be tabled before council for approval.
- 6. Approval of the budget policies as amended.
- 7. That the procurement plan be approved with the final budget as required in circular 94.
- 8. That the annual budget that will be inclusive of the R3 000 000 (THREE MILLION) budget of the Dr Kenneth Kaunda District Economic Agency be tabled before council for approval and submitted to the relevant stakeholders.
- 9. That the measurable performance objectives in Chapter 4 of IDP for the 2019/2020 and for each year of the medium-term framework be tabled before council for approval.
- 10. That council rescind Council resolution ITEM A.284/06/2017 which reads as "that the ratio of the combined councilor remuneration and employee related costs to total budget be limited to 51%."
- 11. That the ratio of the total employee related costs to total budget be limited to 54%."

I thank you..!!!

- 11. That the ratio of the total employee related costs to total budget be limited to 54%."

Vision

Exploring prosperity through sustainable service delivery for all.

Mission

To provide an integrated district management framework in support of quality service delivery.

1.3 Executive Summary

The budget for the 2019/20 financial year has been drawn up in terms of chapter 4 of the Municipal Finance

Management Act no.56 of 2003 (MFMA) and the Municipal Systems Act no. 32 of 2000 (MSA) on matters specifically related to the budget as well as direction from National Treasury on policy guidelines (MFMA Circulars).

The Medium Term Budget Policy Statement October 2018 notes that the South African GDP economic growth for 2019 is 1.5%, on average; the growth outlook is 4 percentage points higher than projected in October 2018.

However the economic statistics showed an unexpected improvement in the economic outlook.

The Municipalities must adopt a conservative approach when projecting their expected revenue and cash receipts as well as pay particular attention to managing of revenue effectively and carefully, evaluate all spending.

The annual budget in respect of the 2019/ 2020 financial year has been prepared according to the approved IDP

The annual budget for 2019/2020 budget year is to give effect to Dr Kenneth Kaunda District Municipality's service delivery priorities and objectives, thereby fulfilling the needs as depicted in the Integrated Development Plan (IDP).

The allocation on Transfers and subsidies as depicted in the summary totals is made up of District Economic Development and Office of the Executive Mayor.

The allocation which totals to **R5 949 000** for the current budget year 2019/2020. Transfers and subsidies for District Economic Development and Tourism are for District economic agency, SMME's and cooperatives development awareness and the need to invest in sustainable social and economic development and the Office of the Executive Mayor are Bursaries for non-employees (Financial assistance for students from poor backgrounds) and Poverty alleviation programmes.

It is against this background that financial and technical support to Small Medium and Micro Enterprises and Cooperatives is an integral part of the Dr Kenneth Kaunda District Municipality`s Local Economic Development strategy. The District is therefore supporting community based initiatives through conditional grants for viable business plans. This will support a meaningful District Economic Development initiatives that foster micro and small business opportunities and job creation.

The objectives of DED the grants funding is to bring in new category of entrepreneurs presently constrained by limited access to funding, to broaden access through new funding, flexible instruments and leverage with selected partners thus providing the tools with which to share in the growing South African economy, to introduce flexibility in services delivery and accommodate the special circumstances of women owned and run enterprises both as regards funding range and type of facility offered.

Every year the Office of the Executive Mayor awards study bursaries to deserving Students within the Dr Kenneth Kaunda District Municipality. This assistance is for the students to study further at tertiary institutions within the Republic of South Africa.

There is a portion allocated for Special projects in the Office of the Executive Mayor for other community projects which deals with challenges such as children, elderly, youth, women and war on poverty.

MBRR Table A1 - Budget Summary

Table A1 is a budget summary and provides a concise overview of the District budget from all of the major financial perspectives (operating, capital expenditure, financial position, cash flow, and MFMA funding compliance).

The table provides an overview of the amounts approved by Council for operating Performance, resources deployed to capital expenditure, financial position, cash and funding Compliance, Position and Cash Flow Budgets, along with the Capital Budget. The Budget Summary provides the key information in this regard:

- The operating surplus/deficit (after Total Expenditure) is positive over the MTREF
- Capital expenditure is balanced by capital funding sources, of which
- Transfers recognised is reflected on the Financial Performance Budget;
- Operating surplus and accumulated cash-backed surpluses from previous years.

The amount is incorporated in the Net cash from investing on the Cash Flow Budget. The fact that the municipality's cash flow remains positive, and is improving indicates that the necessary cash resources are available to fund the Capital Budget.

The Cash backing/surplus reconciliation shows that there are long term obligations which are not cash backed in a single budget year but over multiple years.

Council has taken a deliberate decision to ensure adequate Cash-backing for all material obligations in accordance with the adopted Funding and Reserves Policy. This cannot be achieved in one financial year. It is anticipated that the goal of having all obligations cash-backed will be achieved when a small surplus is reflected due to most contracts ceasing.

Compliance with section 18 of the MFMA is assumed because a surplus would directly indicate that the annual budget is appropriately funded and Considering the requirements of section 18 of the MFMA, it can be concluded that the adopted 2019/20 MTREF was funded.

As part of the budgeting and planning guidelines that informed the compilation of the 2019/20 MTREF the end objective of the medium-term framework was to ensure the budget is funded aligned to section 18 of the MFMA.

MBRR Table A2 - Budgeted Financial Performance (revenue and expenditure by Functional standard classification)

Table A2 is a view of the budgeted financial performance in relation to revenue and Expenditure per functional standard classification. The modified functional standard classification divides the municipal services into 15 functional areas. Municipal revenue, operating expenditure and capital expenditure are then classified in terms if each of these functional areas which enables the National Treasury to compile "whole of government" reports.

Note the Total Revenue on this table includes capital revenues (Transfers recognised – Capital) and so does not balance to the operating revenue shown on Table A4.

Other functions that show a deficit between revenue and expenditure are being financed from operational grants and other revenue sources reflected under the Budget and treasury.

MBRR Table A3 - Budgeted Financial Performance (revenue and Expenditure by municipal vote)

Table A3 is a view of the budgeted financial performance in relation to the revenue and Expenditure per municipal vote. This table facilitates the view of the budgeted operating

Performance in relation to the organisational structure of the district. This means it is not possible to present the operating surplus or deficit of a department or section as 90% of total revenue result from transfers from National treasury.

MBRR Table A4 - Budgeted Financial Performance (revenue and expenditure)

Total operating revenue has significantly increased by R11 641 200 in the 2019/2020 financial year when compared to the 2018/19 Adjusted Budget.

Total operating expenditure for the 2019/20 financial year has been estimated at R196 731 918 which is an increase of R6 767 578 (3.56 per cent) compared to 2018/19 Adjusted Budget.

Transfers recognised – operating includes the local government equitable share and other operating grants from national government and Local government SETA. It needs to be noted that in real terms the grants receipts from national government are growing rapidly over the MTREF by 4.45 per cent 2019/20, 2.44 per cent in 2020/21 and 3.46 per cent in 2021/22 budget year and the budget is primarily funded from grants receipts from National Treasury which forms a major portion of sources of revenue at 93, 8 per cent of the total Revenue.

MBRR Table A5 - Budgeted Capital Expenditure by vote, standard classification and funding source

Table A5 is a breakdown of the capital budget in relation to capital expenditure by municipal vote (multi-year and single-year appropriations); capital expenditure by standard classification; and the funding sources necessary to fund the capital budget, including information on capital transfers from national and provincial departments.

The Municipality has a Single-year capital expenditure which has been appropriated at R3 010 000 for the 2019/20 financial year and decreases relatively over the MTREF at levels of R1 896 350 and R595 773 respectively for the two outer years and the capital budget is funded from generated funds from budget year surpluses.

MBRR Table A6 - Budgeted Financial Position

Table A6 is consistent with international standards of good financial management practice, and improves understand ability for councillors and management of the impact of the budget on the statement of financial position (balance sheet).

This format of presenting the statement of financial position is aligned to GRAP1, which is generally aligned to the international version which presents Assets less Liabilities as "accounting" Community Wealth. The order of items within each group illustrates items in order of liquidity; i.e. assets readily converted to cash, or liabilities immediately required to be met from cash, appear first.

The municipal equivalent of equity is Community Wealth/Equity. The justification is that ownership and the net assets of the municipality belong to the community.

Any movement on the Budgeted Financial Performance or the Capital Budget will inevitably impact on the Budgeted Financial Position. Municipality and subsequently inform the level of cash and cash equivalents at year end. Similarly, inform the budget appropriation for debt impairment which in turn would impact on the provision for bad debt.

MBRR Table A7 - Budgeted Cash Flow Statement

The budgeted cash flow statement is the first measurement in determining if the budget is funded.

It shows the expected level of cash in-flow versus cash out-flow that is likely to result from the implementation of the budget.

As part of the 2019/20 Budget the unsustainable cash position had to be addressed as a matter of urgency and various interventions were implemented such as the reduction of expenditure allocations and rationalization of spending priorities.

In addition the interventions translated into a net cash position of R9 761 418 for the 2019/20 financial year and cash and cash equivalents totalled R15 568 849 at year end.

The 2019/20 MTREF has been informed by the planning principle of ensuring adequate cash reserves over the medium-term.

MBRR Table A8 - Cash Backed Reserves/Accumulated Surplus Reconciliation

The cash backed reserves/accumulated surplus reconciliation is aligned to the requirements of MFMA Circular 42 – Funding a Municipal Budget.

In essence the table evaluates the funding levels of the budget by firstly forecasting the cash and investments at year end and secondly reconciling the available funding to the liabilities/commitments that exist.

The outcome of this exercise would either be a surplus or deficit. A deficit would indicate that the applications exceed the cash and investments available and would be indicative of non-compliance with the MFMA requirements that the municipality's budget must be "funded".

The Cash backing/surplus reconciliation shows that there is long term obligations which are not cash backed in a single budget year but over multiple years.

Council has taken a deliberate decision to ensure adequate Cash-backing for all material obligations in accordance with the adopted Funding and Reserves Policy. This cannot be achieved in one financial year. It is anticipated that the goal of having all obligations cash-backed will be achieved when a small surplus is reflected due to most contracts ceasing

Compliance with section 18 of the MFMA is assumed because a surplus would directly indicate that the annual budget is appropriately funded and Considering the requirements of section 18 of the MFMA, it can be concluded that the adopted 2019/20 MTREF was funded.

As part of the budgeting and planning guidelines that informed the compilation of the 2019/20 MTREF the end objective of the medium-term framework was to ensure the budget is funded aligned to section 18 of the MFMA.

As can be seen the budget has been modeled to progressively move from a deficit in 2018/19 to a surplus by 2019/20.

The main source of revenue is still operating grants from National government. The growth in income is limited to the current inflation rate and an increase in the GDP that is expected to be 1.5%. The low economic growth has a negative impact on the operations of the municipality's ability to sustain a high level of involvement in the district.

2.5. Overview of Budget Related Policies

The following policies were work shopped to the elected councilors of Dr Kenneth Kaunda District Municipality on the 20th of March 2019.

Credit Control and Debt Collection Policy

This adopted policy is credible, sustainable, manageable and informed by affordability and value for money and there was no need to review the policy. New Indigent threshold is published in the Tariff Schedule which equals to 2 state pensions.

As most of the indigents within the municipal area are unable to pay for municipal services because they are unemployed, regular Indigent Register Campaigns will be arranged throughout the year.

Asset Management Policy

The objectives of this policy of the Municipality are:

- a) to maximise the service potential of existing assets by ensuring that they are appropriately used, maintained, safeguarded and that risks are mitigated;
- b) to optimise the life cycle costs of owning and using these assets by seeking costeffective options throughout an asset's life cycle;
- c) to reduce the demand for new assets through optimal use of existing assets and management of demand through the use of non-asset service delivery options;
- d) to establish clear lines of accountability and responsibility for performance, safe custody and use of assets within the Municipality;
- e) to establish sound risk-based internal controls supporting all asset management practices within the Municipality.

Supply Chain Management Policy

- (1) The objectives of this policy are to implement the legislative provisions relating to the supply chain management of the Municipality, that:
 - (a) gives effect to:
 - (i) section 217 of the Constitution; and
 - (ii) Part 1 of Chapter 11 and other applicable provisions of the MFMA;
 - (b) is fair, equitable, transparent, competitive and cost effective;
 - (c) complies with:
 - (i) the regulatory framework prescribed in Chapter 2 of the SCMR; and
 - (ii) any minimum norms and standards that may be prescribed by means of regulations or guidelines as envisaged by the provisions of section 168 of the MFMA;
 - (d) is consistent with other applicable legislation;
 - (e) does not undermine the objective for uniformity in Supply Chain Management Systems between organs of state in all spheres; and
 - (f) is consistent with national economic policy concerning the promotion of investments and doing business with the public sector.
- (2) The Municipality may not act otherwise than in accordance with this Supply Chain Management Policy when:
 - (a) procuring goods and/or services;
 - (b) disposing of goods no longer needed;
 - (c) selecting contractors to provide assistance in the provision of municipal services otherwise than in circumstances where Chapter 8 of the MSA applies; or in the case of the Municipality selecting external mechanisms referred to in section 80(1)(b) of the MSA for the provision of municipal services in circumstances contemplated in section 83 of that Act.

36

(3) To assure the creation of an environment where business can be conducted with integrity and in a fair, reasonable and accountable manner, this policy will ensure that the Municipal Manager and all officials of the Municipality involved in supply chain management activities must act with integrity, accountability, transparency and with the highest of ethical standards and free of favouritism, nepotism and corruption of any kind. The officials of the Municipality involved in supply chain management activities must adhere to the code of ethical standards contained in this policy, together with the Code of Conduct for Municipal Staff Members as contained in Schedule 2 of the MSA.

Virement Policy

The Budget and Virement Policy aims to empower senior managers with an efficient financial and budgetary amendment and control system to ensure optimum service delivery within the legislative framework of the MFMA and the municipality's system of delegations. Virement is the process of transferring budgeted funds from one line item number to another, with the approval of the relevant Manager and CFO, to enable senior managers to amend budgets in the light of experience or to reflect anticipated changes. (Section 28(2)(c) MFMA).

Cash Management and Investment Policy

The objective of this policy is

- 1. To ensure compliance with the relevant legal and statutory requirements relating to cash management and investments.
- 2. To ensure that investment of surplus funds of the Municipality forms part of the financial system of the Municipality.
- 3. To create consistency in that the same procedure is followed in respect of each investment so as to conform to the requirements of transparency, equitability and fairness. In each case the preservation and safety of investments is a primary aim.
- 4. To promote and ensure the need for investment diversification of the Municipality's investment portfolio across acceptable investees permitted types of investments and investment maturities.
- 5. To ensure the liquidity needs of the Municipality are duly discounted and provided for.
- 6. To ensure timeous reporting of the investment portfolio as required by the MFMA and in accordance with the General Recognized Accounting Practices (GRAP).
- 7. To establish a minimum acceptable credit rating and requirements for investments including:
 - (a) a list of approved investment types that may be made, subject to the provisions of this policy; and
 - (b) a list of approved institutions where or through which investments may be made, subject to the provision of this policy.
- 8. To provide measures for ensuring implementation of this policy and internal control over, investment made as well as procedures for reporting on and monitoring of all investments made procedure for benchmarking and performance evaluation.
- 9. To provide the assignment of roles and functions, any delegation of decision-making powers including the conditions for the use of investment managers, and their liability in the event of non-compliance with the provisions of this policy.

Funding & Reserve Policy

The aim and purpose of this policy is to:

- (1) ensure that the Municipality has sufficient and cost-effective cash funding in order to achieve its objectives through the implementation of its operating and capital budgets; and
- (2) the objectives of this policy are to set out the assumptions and methodology for estimating the following:
 - (a) projected billings, collections and all direct revenues;
 - (b) the provision for revenue that will not be collected;
 - (c) the funds the Municipality can expect to receive from investments;
 - (d) the proceeds the Municipality can expect to receive from the transfer or disposal of assets;

- (e) the Municipality's borrowing requirements; and
- (f) the funds to be set aside in reserves.

Borrowing Policy

The purpose of this policy is:

- a) to establish a borrowing framework and guidelines for the Municipality for the borrowing of funds;
- b) to ensure that borrowing forms part of the financial management procedure of the Municipality and that prudent borrowing procedures are applied consistently;
- c) to ensure that the funds are obtained at the lowest possible interest rate at minimum risk, within the parameters of authorized borrowings;
- d) to ensure compliance with all relevant legal and statutory requirements and National Treasury, borrowing regulations; and
- e) to maintain financial sustainability.

2.6. Budget Assumptions

The Upper Limit Remuneration, Allowances and benefits of members of municipal council for 2019/2020 budget year is provided on inflation related rate and as per Remuneration of Public Office Bearers Act, as published by the Minister of Local Government from time to time for the determination of upper limits of salaries, allowances and benefits of different members of municipal councils, Councillors Salaries.

The Salaries, Allowances and related benefits of Personnel for 2019/2020 budget financial year are provided at 1.5% plus March 2019 estimated inflation rate as per the agreement between employee unions and South African Local Government Association (SALGA).

Other operating expenditure has been provided at increase as per the current inflation estimated targets of 5.4%, previous financial year performance and needs analysis and capital expenditure has been provided for at zero based budgeting and as per the needs analysis.

The current budget has been prepared in accordance with Municipal Budget and Reporting Regulations of 2009.

The following table is a consolidated overview of the proposed 2019/2020 Medium-term Revenue and Expenditure Framework:

Total Capital Expenditure	6 556 693	3 279 000	3 010 000	1 896 350	595 773

Total operating revenue has grown by 6.18 per cent for the 2019/20 financial

Year when compared to the 2018/19 Adjusted Budget. For the two outer years, operational Revenue will increase as per DORA.

Total operating expenditure for the 2019/20 financial year has been appropriated at R196 731 918 and translates into a budgeted Surplus of R3 357 482 before capital expenditure.

The capital budget of R3 010 000 for 2019/20 has decreased when compared to the R3 297 000 2018/19 Adjusted Budget and R5 027 000 in the draft budget, this was due to the fact that ICT Improvements were prioritized. The capital Expenditure estimate decreases to R1 896 350, 00 in the 2020/21 financial year and R595 773 in the 2021/22 year.

The Capital budget will be funded from internally generated funds over MTREF with no anticipated borrowings in each of the financial years of the MTREF.

The municipality currently has no Borrowings that will contribute to the capital

Expenditure in each of the MTREF years, when Depreciation and amortization is excluded. The balance will be funded from internally generated funds and cash backed by short term investments.

2.7. Overview of Budget Funding

DR KENNETH KAUNDA DISTRICT MUNICIPALITY ANNUAL DRAFT BUDGET 2019/2020 OVERVIEW OF BUDGET FUNDING

The total revenue of Dr Kenneth Kaunda District Municipality for the budget year 2019/2020 is **R 200 089 400.00**

The budget is primarily funded from government grants and subsidies from National Treasury which forms a major portion of sources of revenue, since the abolishment of Regional Services Council Levies as replaced by RSC Replacement Grant.

Administration Capital budget is funded by Capital Replacement Reserve as created and cash backed by short term investments in financial institutions.

The other grants are conditional grants for specific purposes as outlined in the

Division of Revenue Bill of 2018, any unspent portion of a conditional grant as at the end of the financial year revert to the National Treasury, unless a roll-over is approved fo further implementation of the grant.

As the non-conditional grants are transferred on quaterly basis, the portion that is not needed immediately is invested on a short term fixed deposit with four main financial institutions to earn interest.

The following sources of funding forms part of funding as a percentage of total funding:

2.12. Annual budgets and SDBIP's - internal departments

Introduction

The purpose of this document is to present the Service Delivery and Delivery and Budget Implementation Plan (SDBIP) of the Dr Kenneth Kaunda District Municipality for 2019/20 Financial Year. The development, implementation, and monitoring of a Service Delivery and Delivery and Budget Implementation Plan is a requirement for of the Municipal Finance Management Act (MFMA) No 56 of 2003.

The SDBIP is a detailed one year plan of the municipality that gives effect to the IDP and budget of the municipality. The SDBIP is a management plan for implementing the IDP through the approval budget. It is an expression of the objective of the municipality, in quantifiable outcomes that will be implemented for the financial year. It includes the service delivery targets for each quarter and facilitates oversight over financial and non-financial performance of the municipality.

The 2019/20 SDBIP will not only ensure appropriate monitoring in the Execution of the municipality budget and processes involved in the allocation of budget to achieve key strategic objectives as set in the municipality's Integrated Development Plan (IDP), but will also serve as the kernel of annual performance contract for senior management and provide a foundation for the overall annual and quarterly organisational performance for the 2019/20 Financial Year.

The SDBIP also assist the Executive, Council and the community in their respective oversight responsibilities since it serves as an implementation and monitoring tool.

Legislative framework

Section 1 of the MFMA defines the SDBIP as a detailed plan approved by the mayor of a municipality in terms of section 53(1) (c)(ii) for implementing the municipality's delivery of service and its annual budget and which must indicate:

- a) Projections for each month of:-
 - I. Revenue to be collected, by source and
 - II. Operational and capital expenditure by vote
- b) Service delivery targets and performance indicators for each quarter and
- c) Any other matter that may prescribed and includes any revision of such plan by the mayor in terms of section 54(1) (c)

The MFMA requires that municipalities develop a Service Delivery and Budget Implementation Plan as a strategic financial management tool to ensure that budgetary decision that are adopted by municipalities for the financial year are aligned with their Integrated Development Plan Strategy. In terms of section 53(1) (c)(ii) of the MFMA, the SDBIP must be approved by the mayor of a municipality within 28 days of the approval of the budget

Components of the SDBIP

- Monthly Projections of Expenditure and Revenue for each vote
- Quarterly projections of Service Delivery targets and Performance Indicators

Monthly Projections of Expenditure and Revenue for each Vote

The monthly projection of revenue and expenditure per vote relate to the cash paid and reconciles with the cash statement adopted with the budget. The focus under this component is a monthly projections per vote in addition to projection by source. When reviewing budget projections against actuals, it is useful to consider revenue and expenditure per vote in order to gain more complete picture of budget projections against actuals.

Quarterly Projections of Service Delivery Targets and Performance Indicators for each vote

This component of the SDBIP requires non- financial measurable performance objectives in the form of service delivery targets and other indicators of performance. The focus is on outputs rather than inputs. Service delivery targets relates to the level and standard of service being provided to the community and include the addressing of backlogs in basic services. The approach encouraged by NT's MFMA circular No. 13 is the utilisation of scorecards to monitor service delivery.

Detailed Capital Budget over Three Years

Information detailing infrastructural projects containing project description and anticipated capital costs over three year period. A summary of capital project per the IDP will be made available on Council website.

SDBIP Cycle

The SDBIP Process comprises the following stages, which forms part of a cycle.

Planning:

During this phase the SDBIP Process plan is developed to be tabled with the IDP Process plan. SDBIP related processes e.g. Management meetings, strategic Planning working session.

Strategizing:

During this phase the IDP is reviewed and subsequent SDBIP programmes and projects for the next 5 years based on local, provincial and national issues, previous year's performance and current economic and demographic trends etc.

Tabling:

The SDBIP is tabled with the draft IDP and budget before Council. Consultation with the community and stakeholders of the IDP on the SDBIP is done through budget hearings and formal local, provincial and national inputs or responses are also considered in developing the final document.

Adoption:

The Mayor approves the SDBIP no later than 28 days after the adoption of the Municipality's budget.

Publishing:

The adopted SDBIP is made public and is published on Council's website.

Implementation, Monitoring and Reporting:

SDBIP projects are implemented and quarterly reporting takes place. Mid-year reporting is done to asses performance on the SDBIP, the document is amended, where applicable and adopted by Council.
